

YOU RIDE A MOTORCYCLE DON'T YOU?

ABATE of South Carolina is a motorcyclists' rights organization dedicated to preserving individual liberties and biker rights. ABATE works to increase motorcycle awareness among motorists and supports voluntary rider training.

ABATE works to educate concerned citizens how to effectively impact the legislative process. ABATE encourages bikers to become politically active in their communities.

As an individual, you can help by joining ABATE and actively lobbying your elected officials in the ongoing struggle against legislation that would rob you of liberty in South Carolina and across the United States.

ABATE is non-partisan and welcomes ALL RIDERS and FRIENDS of LIBERTY.

By joining ABATE of South Carolina, Inc., you can be part of a grassroots biker political power that has come together to oppose anti-motorcycling legislation and to promote the implementation of programs that will help preserve motorcycling and our lifestyle.

Join ABATE of South Carolina, Inc. today!
